

Mark and Brenda Brown have been with Campus Crusade for Christ for 20 years and are still convinced that the soil of the college campus is the fertile field from which the Lord could revive His church and reach out in world evangelism. College students today are asking the right questions, questions about meaning and purpose and they are longing to be a part of making things right in the world. Yet in the midst of these noble pursuits they struggle with the sin and darkness they find in their own hearts and the free-wheeling sinful lifestyle of those around them. As Mark writes, “It is our heart and passion to help launch transformational movements of Christ at the University of Kansas, surrounding campuses and around the world (especially in our partnership city, Santiago, Chile). We do this through a staff team of 9 and student leaders who are trained in evangelism and discipleship. We have large issue oriented events on campus (Pornography, Eating Disorders, Intelligent Design, Relationships), community groups in every area of campus and specific people-group ministries (Greeks, African Americans, ROTC, choir groups, etc).”

The Lord has blessed Mark and Brenda with a beautiful young daughter Katie, and an ornery cocker spaniel named Muffin.
