

Jan Thompson and her three teenagers, Amanda, Shelby, and Jacob, have been living in Haiti since 2007 and working in the town of Gonaives. They have two Haitian young men living with them, so "family" and "extended family" are their first ministry. Then on the weekends they add into their "family" their little deaf friend, Christopher, and his two brothers and sister. During the week, they are involved with kids from their neighborhood as well as children from a church in their area by doing Kids for Christ Clubs.(Ti Moun Pou Jezi) On Sunday mornings Jan has been speaking at area churches and also teaches one day a week at a Ladies' Bible study. The family also has recently gotten involved with being a substitute driver and servers for a food distribution program in one of the poorest areas of Gonaives. Most of the children arrive naked and have only this one meal a day. More plans are being made to get involved with this area of ministry for the future.

First Baptist Church, El Dorado, is the Thompson's home church. Mission teams from here have been blessed to be a part of the work in Gonaives.
